## EXPERIENCE

### servicePath, Remote — *UX Designer*

May 2021 to August 2021

- Identified and documented over 50 UI pain points in Jira, enabling strategic problem-solving.
- Created 10+ Adobe XD mock-ups, including walkthroughs, wizards, new screens, and client visualizations.
- Enhanced the servicePath B2B system's user interface as part of a two-person team.
- Redesigned a client presentation slide deck within a four-person team, improving skimmability, reducing information density, and enhancing visual appeal.

### Sheridan College, Trafalgar Campus — *Peer Tutor*

January 2020 to April 2020

- Sat in on 2nd year IxD classes to provide assistance to both the professor and students.
- Hosted weekly one-hour sessions with students who felt they needed extra help or wanted feedback from peers.
- Re-explained complex UX/UI methodologies and ideas to better help the student grasp and understand concepts.
- Helped teach practical skills to students via demonstrations and answering questions.
